The Paisley Homes

Fittings and fixtures

Stylish without compromising on functionality, high quality fittings are incorporated throughout our homes. We have selected BOSCH appliances, award-winners for their energy efficient designs, Australian made CLARK tapware and ABEY kitchen sinks—providing you with quality household brands you know and trust.

Energy efficient

All homes in the Heirloom Collection achieve a 7-star NatHERS energy rating with high-performance double-glazed windows and doors and upgraded wall and roof insulation provided to improve overall thermal performance. This means a reduced need for heating and cooling, lower energy bills and a more comfortable living environment.

Bringing the outdoors in

Perfect for entertaining, the Heirloom homes offer flexible living spaces celebrating a seamless connection between indoors and outdoors.

Courtyards

Tranquil courtyard spaces designed in collaboration with renowned landscape designer Eckersley Garden Architecture, offer an entertainment area to host your family and friends, an edible garden space for those with a green thumb, or just a place to relax in the sun.

Landscaped entry

Front gardens have been carefully designed to welcome you home and give additional colour to the streetscapes in The Fabric.

Private oasis

Views of the lush outdoors are maximised wherever possible in the design of our homes, with light streaming in through large windows. Some Heirloom homes even have a courtyard space accessible from the master bedroom, which will truly feel like your own private oasis.

Premium upgrades

Mirvac's expert lighting specialists have formed a series of lighting upgrades to bring your outdoor spaces to life and encourage year-round entertaining. These include feature wall lighting, pathway lighting and uplighting of feature trees.
