Timeless Collection

Exclusive Two, Three and Four
Bedroom Townhomes

Introducing our Timeless Collection

Each townhome at The Fabric has been designed by Mirvac's award-winning team to reflect the history of the area, and personality of the local community. Homes at The Fabric prioritise style, comfort and sustainability, with each home achieving a 7-star NatHERS energy rating.

Our Timeless Collection is made up of two, three, and four-bedroom homes, designed for young people, families, and downsizers. Incorporating generous bedrooms and living areas, while not forgetting the practical elements that make life that little bit easier — adequate pantries, linens, broom cupboards, and storage spaces — the Timeless Collection features a rare level of design refinement to match an attractive architectural palette.

Standard within each home in the Timeless Collection is a range of contemporary fittings and fixtures, along with a selection of premium upgrade options, allowing you countless ways to customise your new home.

Step inside your new home

Mirvac have developed a range of homes to suit the lifestyles of all future residents at The Fabric. Our consideration of how you live in your home is reflected in every design decision, including the usability of space, and practicality, durability and aesthetics of materials.

Light and bright

Careful consideration has been given by our award-winning team to the orientation of your home, ensuring the layout optimises the natural light throughout.

Functional and flexible

All homes across each collection allow the flexibility to adapt to your lifestyle needs over time. Each home has been designed to achieve a Livable Housing Australia Silver rating, recognising the adaptability of our homes, and providing for true multigenerational living.

Fittings and fixtures

Stylish without compromising on functionality, high quality fittings are incorporated throughout our homes. We have selected BOSCH appliances, award-winners for their energy efficient designs, Australian made CLARK tapware and ABEY kitchen sinks—providing you with quality household brands you know and trust.

Our 7-star NatHERS energy rating

Timeless homes include double-glazed windows and doors, upgraded wall and roof insulation, window and door seals, as well as roof ventilation, ensuring you and your family can enjoy lower energy bills and increased comfort all year round, while contributing to a more sustainable future.

The Brocade Homes

Bringing the outdoors in

From the positioning of your kitchen to the direction of your balcony, your new home has been designed for your lifestyle with attention to the finer details.

Celebrating a seamless transition between the indoors and outdoors, views are maximised wherever possible, with large windows making the most of the morning light.

Courtyards
Tranquil courtyard spaces, designed in collaboration with renowned landscape designer, Eckersley Garden Architecture, offer an entertainment area for your family and friends, an edible garden space for those with a green thumb, or just a place to relax in the sun.

Flexible living
A selection of townhomes feature living and kitchen spaces connecting through to a balcony—perfectly positioned for alfresco dining with views out.

Premium upgrades
Mirvac's expert lighting specialists have formed a series of lighting upgrades to bring your outdoor spaces to life and encourage year-round entertaining. These include feature wall lighting, pathway lighting and uplighting of feature trees.
